Subject: Meningitis Vaccination Clinic this SUNDAY - Please open and read - Schedule Included

"It is extremely important that all students who received serogroup B meningococcal vaccine in February receive second doses. Serogroup B meningococcal disease is serious, but we have an effective vaccine that can help keep students safe. One of the most important steps that students can take to protect themselves, their family members, and their friends is to complete the vaccine series." - Nicole Alexander-Scott, MD, MPH, Director Designee of the Rhode Island Department of Health

When:

This Sunday, April 12, 2015

9am-5pm (Please see the schedule below for your recommended time)

Where:

Peterson Recreation Center (same place same routine)

What:

2nd dose of Trumemba which is a vaccine indicated for active immunization to prevent disease caused by serogroup B

Immediately following the clinic on Sunday, the Student Health Center will open (at 5pm) and remain open overnight through normal operating hours (8am-5pm) on Monday.

There is **no cost to any student** who wishes to be vaccinated; however, we are asking you to **please bring your health insurance card, or the information on your card**, with you to the clinic. After you receive the vaccine, you will be asked to authorize The Wellness Company to seek reimbursement on our behalf for the cost and administration of the vaccine. Please remember that **you will not be turned away if you do not have this information.**

If you absolutely cannot attend at the time you are scheduled, you may attend at a different time on Sunday or attend the much smaller makeup clinic on Wednesday, April 15th in '64 Hall.
